

GYPWORLD Training Course

Women and Science: what they do not tell you

When: 3rd June 2018

Where: Faculty of Sciences, University of Ankara, Turkey

By: Eva Tobías Olarte (PhD in Gender Studies)

Why: This course will explore means of promoting gender equality in science in order to promote awareness through education. Gender inequality has resulted in wasted talent and missed opportunities.

Aims:

- ✓ Reflect on the current situation of men and women in Academia and Science.
- ✓ Create “solid ground” for gender equality and share experiences.

Course content (7 h):

- ✓ What are we talking about? Some basic concepts.
- ✓ Inequality figures: why are only a few women in fields like Science and Technology?
- ✓ Difficulties and barriers.
- ✓ Best practices and some conclusions.
- ✓ Movie forum: Hidden Figures.

*This course is offered **free of charge** as part of the training events developed by **H2020-MSCA-RISE-GYPWORLD Project, founded by the EU***

The [AEET](#) offers two travel grants for member students
