# Online Conference for Early-Career Scientists

June 9-11, 2021

## Registration & Info

Deadline for registration : **May 26th, 2021**

Registration at : [http://www.aeet.org/forms/ECR\\_conference](http://www.aeet.org/forms/ECR_conference)

Note 1: to improve the quality of the online discussions, the number of participants is limited to 100. For the workshop on Day 3, the number is limited to 50 participants.

Note 2: this 3-day event can be valued as Training hours for PhD students, and proofs of attendance can be edited. Students must check with their doctoral school.

## Call for mentors for Day 1

Mentoring sessions will be online conversations between one senior researcher and 4-5 early-career scientists, under the overall umbrella of supervision but with freedom to discuss questions relevant to students.

If you have supervised 1 or more students and if you are willing to participate as a mentor in this 1h-session, please fill in the following form: [https://lite.framacalc.org/9lug-sfe2-aeet\\_online-conference-for-ecr](https://lite.framacalc.org/9lug-sfe2-aeet_online-conference-for-ecr). If you do not wish to share your info at that link, please send us an email.

Note: To increase interactions and when possible, we would like to assign mentors to students that share the same language. Please indicate spoken languages.
